

400 MODEL SHOTBLASTER

Product details:

Our 400 Model Shotblaster is one of the most efficient machines currently available on the market. It is easy to operate in the most demanding environments and offers excellent weight distribution for control and enhanced performance.

Manufactured using durable, quality materials for long life, the 400 model is strong and sturdy and it's design delivers exceptional results with reliability. It produces a high impact, aggressive shot pattern on steel and has an extremely proficient separation on soft materials.

Features:

- High impact, producing exceptional working results
- Dismantles in two easy steps for 400mm oil/gas tank access
- Large hydraulic container to keep oil cool in high temperatures
- Long life filter system

Applications:

- Ideally suited for steel preparation to SA3
- Removing laitance on new concrete
- Cleaning and texturing an infinite range of background surfaces
- Removal of paint, adhesives and sealants

400 SHOTBLASTER MACHINE SPECIFICATION

Dimensions	H 1270mm	L 1680mm	W 570mm
Working width	Up to 400mm	Weight	550kg
Motor	15kw		
Power	415v / 3 phase / 63 amp		
Hand-Arm Vibration Level	2.8m/s ² r.m.s	Usage	up to 7 hours

3 FILTER COLLECTION UNIT

Dimensions	H 1700mm	L 2000mm	W 720mm
Weight	517kg	Capacity	200 Litre
Fan Motor	4kW	Compressor Motor	2.2kW
Power	415v / 3 phase / 63 amp
