AIRBLAST EUROSPRAY, AN INTRODUCTION

Airblast Eurospray is one of the leading global voices in surface preparation and finishing. We design, manufacture, install and sell blast and spray equipment and facilities to some of the world's most important organisations. With roots stretching back to 1971, we're known for driving the market with innovative, technically excellent blast and paint solutions for a wide range of industries.

WORLD-LEADING BLAST AND SPRAY EXCELLENCE

Our equipment is used in many demanding environments where product integrity is vital – so we only manufacture and sell facilities and equipment that we know are:

- Robust
- Well-designed
- Powerful
- Able to deliver optimum performance – safely and efficiently

PROFESSIONAL RESULTS

We're proud to offer complete solutions for any blast and spray application with a full range of products and services to help you complete your work to a high professional standard. If you have a bespoke query or cannot locate a specific product our brochures, please contact our sales team who will be happy to help you.

KNOWLEDGE TRANSFER

Performance is nothing without knowledge – especially with safety-critical processes like blasting. That's why we provide full operator training with industry experts as well as top-up training to keep experienced operators up-to-date with the latest blast and paint technology and developments. Contact our Training Specialists on 01778 560650 to find out more.

SERVICE AND AFTERCARE

We want you to get the best from your equipment for years to come, so we offer:

- Product and facility servicing
- Service contracts with reduced parts and labour rates
- Equipment collection
- Site visits, inspection and investigation services
- Next day delivery on many products

EQUIPMENT HIRE

Want to try before you buy? Many of our products are available for hire including blast machines, coating systems, water injection pumps, vacuum transfer units, suction and pressure cabinets, dust arrestors, hand-held closed circuit blast machines, closed circuit blasting and extractor fans. Contact our Hire Team for more information.

Finance packages available to help spread the cost of purchase. Get in touch today.

CANPACTER

Description

The Airblast Canpacter unit crushes all types of metal cans, tins, paint drums and paint pails up to 30 litres, compacting cans up to a sixth of their original size with ease.

This not only offers cost savings on waste skip transport charges to landfill sites but also helps to maintain a safer, tidier workspace.

Once a paint drum to be processed is placed within the can crusher, the joystick is depressed to start the approximate 20 second cycle, during which the door is locked by an automatic safety system.

Containers positioned in the can crusher are automatically pierced without removing the lids, alternatively the same devices drain solvent deposits when required for desposal and a removable drip tray catches any paint, oil or other liquids which may be expelled from the container during the crushing cycle.

Canpacter 5 litre bench top machine and Canpacter 30 litre drum models also available. The Canpacter can crushers are available to buy online at: www.airblasteurospraydirect.com.

Features

- Safe and easy operation
- No electrical installation required
- Full height viewing window
- Robust construction
- Maintenance free
- Powder coat finish

Technical Specification – 30 ltr

Overall height:	2020mm
Overall width:	665mm
Overall depth:	485mm
Depth when door open:	810mm
Crusher time cycle:	20 seconds (based on a 30 litre pail)
Air requirements:	215dm ³ /cycle @10bar/145psi
