

We're keen to understand your exact requirements for vacublast machine hire so we can best advise you on the most appropriate package for your needs. Please get in touch with our team before hiring if you have any questions. We hold most abrasives in stock - these can be purchased at the time of hire.

STANDARD PACKAGE

AB1070 Vacublast machine
15m hose assembly complete with blast head
Variety of different attachments

- Spares package sold separately

PRICES

AB1070 hire package	£600 per week + delivery
Optional 10m hose extension	£115 per week

Please note:

- Prices do not include compressor lines.
- A £500 holding deposit is required for new customers.
- If you are intending to hire this equipment for more than six months, please speak with one of the team to discuss long-term rates.

END OF HIRE

The machine should be fully emptied of abrasive before returning. A surcharge of £75 may be levied if the machine is not completely empty of abrasive. Full terms and conditions can be found at www.airblast.co.uk/hire-terms and are provided at the point of hire.
